Dear Dr. Keith:

Thank you for submitting your proposal to the ACS Multidisciplinary Opportunities through Resource Enhancement (M.O.R.E.) pilot program. We received a tremendous number of responses, and are pleased to inform you that your request to establish a virtual community and enhance the website www.ChemistsHelpingChemists.org has been chosen to receive assistance.

On behalf of the Society, I would like to congratulate you and your group for being selected as the first recipients of support from the M.O.R.E. program. After the ACS national meeting in Boston, we will contact you to discuss in greater detail how we can support your project.

Sincerely,

A handwritten signature in cursive script that reads "Kent J. Voorhees".
